

Proposed 2022 Maine GOP Platform

Two hundred years ago, the people of Maine adopted a Constitution “to establish justice, insure tranquility, provide for our mutual defense, promote our common welfare, and secure to ourselves and our posterity the blessings of liberty.” Thirty-four years later, the Maine Republican Party was formed in order to protect these principles. It remains committed to preserving the blessings of liberty today, that our great State may fulfill its potential as a place of abundant opportunity and thriving communities. We therefore adopt this platform, which we dedicate to our military veterans, active and reserve service members, first responders, fire fighters, and law enforcement, to whom we are forever grateful.

I. This platform embraces principles and identifies actions to implement them.

1. We support and defend the Constitutions of the United States and of the State of Maine; they are the framework to which all legislation must adhere.
2. We support policies designed to help Maine workers, families, and businesses thrive by lowering tax burdens, reducing government regulations and mandates, promoting a vibrant private sector, and encouraging individual initiative.
3. We oppose policy that runs counter to the United State Constitution, or to the Maine State Constitution, and we oppose policy that runs counter to parts 1 and 2 (above).

In order to define the specific policies encompassed by said constitutional principles, be it resolved:

II. The government of Maine exists to preserve and protect certain natural, inherent, and inalienable rights endowed by our Creator for the benefit, protection, and security of all citizens and future generations. To maintain these rights, we therefore pledge to:

1. Defend every citizen’s right, defined by the Maine and United States Constitutions to, freely exercise their religious beliefs, freely speak and associate, and to petition their government, without governmental infringement;
2. Defend the individual’s right to keep and bear arms as guaranteed by the Maine and United States Constitutions; and
3. Defend the powers reserved to the State of Maine by the Tenth Amendment to the United States Constitution.

III. Because capitalism and the free market system encourage individual initiative and a prosperous economy, thereby benefiting Maine workers and families, we support:

1. Promoting a welcoming business climate;
2. Enacting “Right to Work” laws to better stimulate economic growth;
3. Providing health care and continuing to protect those with pre-existing conditions through free market solutions that increase transparency, portability of coverage and maintain privacy of health records;
4. Protecting ownership of private property, which is fundamental to liberty and a

- strong economy;
5. Implementing a comprehensive and thoughtful energy policy that minimizes adverse environmental impacts;
 6. Eliminating all forms of Maine's income tax;
 7. Protecting the interests of American workers by mandating that employers in the State of Maine verify the identity of prospective employees and their eligibility to work in the United States;
 8. Reducing burdensome occupational licensing requirements; and
 9. Adopting comprehensive welfare reform, offering a pathway to self-sufficiency while maintaining the safety-net for Maine's most vulnerable.

V. The most effective government is closest to the people and the least intrusive, therefore:

1. Any federal ownership or control of Maine lands and waters should only occur with consent from state and local citizens;
2. Municipal Home Rule is to be honored and respected;
3. We support local food rights; and
4. We support limiting executive orders to the administration of executive functions and requiring legislative approval for extension of such orders.

VI. Education is the cornerstone to building a prosperous future, therefore:

1. We support the restoration of local control in education as specified in the Maine Constitution and oppose federal control of education to include abolishing the Department of Education;
2. Parents have the right and responsibility to direct their children's education;
3. The best academic opportunities are made possible through educational choice among homeschools, private schools, charter schools, and public schools;
4. Maine's colleges and universities should be marketplaces of ideas where any individual's political and religious beliefs may be expressed and shall be respected;
5. Maine's public colleges and universities should be funded by a combination of tuition, taxpayer funding, and other sources; and
6. We believe that Maine's public educational institutions should not permit biological males to compete in sporting events organized for women.

VII. Because the family is the foundation and strength of a stable society, the government must not interfere, but rather support and protect the integrity and rights of the family; therefore, we:

1. Support the nuclear family by encouraging the birth and adoption of children, their care and support;
2. Recognize the definition of marriage as the union of one man and one woman;
3. Believe parents – not government – are most capable and responsible to make decisions in the best interest of their minor children, including medical, disciplinary, and educational decisions;
4. Believe in the sanctity of human life – from conception to natural death;

5. Support prohibiting the use of state funds for abortions or activities that run counter to the sanctity of human life;
6. Support faith-based family resources, including adoption and crisis pregnancy services; and
7. Support family friendly policies, including a child tax credit and an adoption tax credit, to attract and retain young working families.

VIII. Fiscal restraint and accountability for all levels of government is paramount, and should be promoted by:

1. Working to reduce spending at all levels of government in order to ensure fiscal stability and minimal debt;
2. Encourage sound fiscal management to reduce the Maine tax burden, including regulatory fees; and
3. Instituting zero based budgeting in all programs, and requiring the government and all agencies to adhere to the Generally Accepted Accounting Principles (GAAP).

IX. The State of Maine should protect the integrity of the election process by:

1. Adopting legislation that requires an individual to prove that he or she is a United States citizen when registering to vote, and have Maine photo identification with proof of registry in the district to vote in in the State of Maine, whether in person or by absentee ballot;
2. Repealing taxpayer funding for political campaigns;
3. Repealing ranked choice voting; and
4. Rejecting efforts to abolish or undermine the Electoral College, including National Popular Vote;

X. Moving forward, Maine Republicans promote the following initiatives and we encourage all Republican candidates to:

1. Sign the Taxpayer Protection Pledge, and oppose any and all efforts to increase taxes and fees;
2. Reduce the regulations and processes that have a negative impact and place undue burdens on private enterprise;
3. Ensure environmental regulations are based upon sound science and recognize the value of Maine's heritage especially in farming, fishing, forestry, and recreation;
4. Ensure that all non-elected state authorities and agencies are subordinate and accountable to the state legislature;
5. Secure the U. S. borders in accordance with current federal law;
6. Support enforcement of all federal immigration laws by state and local government entities and expedite expulsion of illegal aliens;
7. Support English as the official language of the State of Maine and the United States;
8. Reject all categories of amnesty for illegal aliens;
9. Oppose any policy that promotes agendas which undermine individual accountability in favor of a focus on class, gender or race (eg: CRT);

10. Support addressing Maine's drug crisis through a combination of law enforcement efforts and partnerships with private sector organizations to address addiction and promote effective rehabilitation for the individual; and
11. Support ensuring that the State's child welfare services protect vulnerable Maine children in their care, including cooperation with faith based foster care organizations, while also promoting family preservation.

Because the blessings of liberty can only be preserved by an eternally vigilant people, it is incumbent upon all of us to remain involved in the American experience of self-governance. Those of us who have united behind the Republican banner invite you to join us in this task and support the Republican candidates for office who uphold these principles.

May God Bless America, and may God Bless the Great State of Maine!
